Airport Hours 06:00-18:30 PDT. No new arrivals past 18:00 PDT. Landings on 5L. Departures on 5R.

**Prior To Landing** - Contact Black Rock Arrivals with tail number and pilot code for permission to land. Areas of converging traffic at Frog Pond.

**Prior to Departure** - Contact Black Rock Ground with pilot code, tail number and intentions. Weather and NOTAMS available on all frequencies.

**Landing Only:** Straight in landing to 5L is permitted. Downwind entries shall be at TPA by Frog Pond. Aircraft on downwind shall coordinate with aircraft on final to determine when to make a right base.

**Departures & Go-Arounds:** Fly heading 060° up to 5000' for two (2) miles. North or east departures may proceed on course. All other departures turn right crosswind for a downwind entry and climb to TPA. Less than 120 KIAS (normal cruise) 5000' inside the RR tracks. Greater than 120 KIAS 5500'.

REVISION 5/1/2019. TO BE USED FOR 2019 ONLY. NOT TO SCALE
