Black Rock Arrivals	Black Rock Unicom	Black Rock Ops	BxA Ops	Oakland Center
134.7	**122.9**	**118.35**	**121.05**	**128.8**

Landing - Exit runway as soon as practical after landing. Recommend slowing without brakes and make a high speed turn off the runway prior to applying brakes.

Taxi - Taxi on the right side of the orange cones. Announcing taxi intentions not required.

Parking Instructions - GA aircraft contact Black Rock Ops. BxA aircraft contact BxA Ops.

Departures – GA aircraft contact Black Rock Ops with pilot code, tail number and intentions (Scenic or Departing the Area). BxA aircraft contact BxA Ops for permission to start engine(s).

Ground Stop - If announced by the tower, all aircraft stop movement on the ground. Airborne aircraft may land if VMC but must stop immediately after exiting the runway.

HS1 – Inbound aircraft only. Be alert for pedestrian movement.

HS2 - Be alert for inbound & outbound traffic and moving vehicles.
